CALFED Bay-Delta Program

RE: Final Programmatic EIS/EIR

DEAR MR Ritchie:

AS A rancher from Tuolumne County, I am writing you to request you to extend the comment period on the final environmental report which was released July 21. It is not realistic to ask anyone to read & review a 6,500 page document in such a limited time frame.

In addition, there should be public hearings on the plan, so that we who are affected by it can understand how we fit in the plan.

The Solution Area for the CAL Fed plans includes most of California's land. CAL Fed needs to provide residents & landowners with a better description of what that means. Does it mean they mean they may be asked to give up land and water as part of the eventual solution.

Sincerely,
Lettie Beeman
